## ROBERT E. LEE.

### A Revival of the Memories of the War.

THE REBEL YELL HEARD ONCE MORE.

**The Rebel Flag Placed in the Hands of Washington—Lee's Statue Unveiled.**

RICHMOND, Virginia, May 29.—The weather is clear and beautiful. Since daylight knots of those who are to take part in the parade, have been gathering upon the streets. The Confederate Camps of military and civilians, continues to arrive and the country folks are pouring into town in ancient as well as modern vehicles. Now and then a band of music starts the crowds cheering by playing "The Bonnie Blue Flag," "Dixie" and "My Maryland, My Maryland." As some favorite commander is recognized by the crowd a yell arises from them which is carried along until he halts or turns off into some side street. As the various commands reach their starting points with some familiar officer at the head cheer after cheer rends the air. The Chief Marshal, General Fitzhugh Lee, Generals Early, Johnston, and Longstreet receive similar ovations as they move about from place to place.

The procession started promptly at noon, and was composed of representatives of nearly all the old Confederate regiments in the South.

The line of march was densely crowded, and as the old chieftains of the Confederacy were recognized, hats come off and the old yell comes from a thousand throats. On arrival at the statue and the distinguished guests being seated, Governor McKinney called the assemblage to order. After prayer, General Early was presented as chairmen of the meeting. He introduced Colonel Anderson, the orator of the day.

Colonel Anderson's address was an eloquent one, in which, while abating no jot of love and admiration for Lee, so couched it in words as not to jar upon the sensibilities of the most ardent Unionists. He began with the statement that a people is known by its monuments, and by that record the world always gave its most devoted admiration to warriors. He sketched, in a masterly way, the transcendent qualities necessarily united in the great General, making such an estimate by the world just.

Lee, however, was not merely one of the greatest captains, but was a man of absolutely unblemished Christian life. It was this singular felicity of Virginia to have produced two great stainless military leaders, Washington and Lee. The orator gave an elaborate biographical review of the General's life, and dwelt upon the painful struggle which it cost him to decide whether to give his allegiance to the nation or his native State. Finally in the face of ambitious temptings, in the face of an offer of the command of the Union army, he decided that duty called him to stand by Virginia. The speaker then sketched Lee's campaigns in illustration of his military genius, touched upon the moderation and good sense of the North at the close of the struggle, and its happy results, spoke of Lee's subsequent quiet and dignified life, and closed with a brilliant peroration.

Colonel Anderson's address aroused great enthusiasm. General Joseph E. Johnston then unveiled the statue amid cheers and booming cannon long continued.

The Lee monument is situated at the intersection of two broad streets in the fashionable residence section. It consists of a white granite pedestal forty feet high, with six pedestals for the statues of Lee's generals to be placed hereafter. Upon the pedestal stands the bronze equestrian statue of Lee, twenty feet high. It represents Lee upon the battlefield of Gettysburg. While the figures of both man and horse are in repose, it is full of life and spirit. It is the work of Mercie, the French sculptor.

## SHY OF THE TARIFF.

### The Senate Finance Committee Would Delegate the Work.

**To Subcommittees of One From Each Party to Prepare Two Sets of Schedules.**

WASHINGTON, May 29.—The Senate Finance Committee, this morning, took up the Tariff bill, and considered it by paragraphs, subject to subsequent action. The chemical schedule was first taken up. It was decided first not to recommend free alcohol for use in the arts, as that question affected many other items in the bill. After the morning was over, thirty-eight of the most important items were considered, without action. The question of future meetings was broached and Senator Sherman suggested daily sessions of ten hours each, in order to hurry matters through. This met opposition from both sides. Carlisle and Voorhees said it was a waste of time, as the matter must be discussed in the Senate anyhow. Voorhees thought the Republicans could agree on a bill, and the Democrats, if they thought best, could present a minority report. Hiscock, Jones, and Morrill spoke in a similar strain. Hiscock moved that a sub-committee of one from each side be appointed to prepare such schedules as would be advocated by its party on the floor of the Senate, and that each side submit its schedule to the other as soon as prepared and adopted. No change was made as to the question of giving oral hearings. Some changes were made in the chemical schedule today. They were proposed by the Republicans, and supported by the solid Democratic vote, and the vote of the member making the motion. None of them were of any significance.

## OUT OF LUCK.

### Seattle Has Another Big Fire With Fatal Results.

**People Running About the Streets in Their Night Clothes—A Tenement House Fire.**

SEATTLE, Wash., May 29.—A block of frame buildings, bounded by King, Commercial, and Welter streets, was destroyed by fire this morning between the hours of 5 and 7.

The block is built over tide flats occupied by cheap lodging houses, beer halls and restaurants.

Nine lodging-houses and hotels were burned, and 200 of their 300 inmates barely escaped with their lives, and it is supposed that as many as five perished.

The scene of the fire was indescribable. Men, women and children jumped naked from the third-story windows into blankets.

At 7 o'clock the loss is supposed to aggregate $50,000. Insurance, $15,000.

## FOR PURE WATER.

### Endorsement of the Efforts of the Company

BY THE BOARD OF PUBLIC WORKS.

**After a Visit to Lake Chabot Its Members Believe the City Is to Have Good, Wholesome Water.**

The members of the Board of Public Works, with Mayor Glascock and Councilman Camron, visited Lake Chabot and the work on the Highland Park settling reservoir and filtering beds last week. Messrs. Playter, Martin and Fitzgerald, the members of the board, were seen by a TRIBUNE reporter, and each one expressed the belief that, with the completion of the work now in hand and immediately intended by the Contra Costa Water Company, there is no reason why Oakland should not have good, wholesome water. They were surprised at the amount of work which the company has done, and feel that it is doing its best to render the water pure and potable. They found all the surroundings of Lake Chabot so satisfactory that Mr. Martin says he can see nothing further to suggest. Work on the settling reservoir was being pushed with energy and an apparent intent to do everything possible to carry out the water company's promises.

J. West Martin, member of the Board of Public Works, said: "I was almost agreeably disappointed on my visit to the Lake. A year, or so ago I went there with Charles Webb Howard. Then the company was putting in its first screening and distributing reservoir, which took water from a high level of the lake. Both Mr. Howard and myself thought that the process of screening and aerating was a good thing. But when I went out with the Mayor, Mr. Camron and the other members of the Board of Public Works, I found that a great deal more work had been done. The company has put in a second reservoir to take the water from a lower level of the lake, and has put in an improved screening apparatus.

"The company has spent a great deal of money there. They have put in a wasteway of solid masonry, and they turned the water through it for our benefit. As far as the environment of the lake is concerned there was nothing in the way of improvement which I could suggest. We did not go clear around the lake, but as far as the eye could see there were no cattle on the hills, and they looked well grown with grass and perfectly clean. The lake itself looked like any other mountain lake. There was lots of water in it — enough to supply the city this year, certainly, and how much longer I do not know. The screening or filtering reservoirs are cemented and clean as they can be. Everything at the lake was very satisfactory to me, and I think all the others in the party felt the same way.

"From the lake we came down to the work at Highland Park. Many men and teams were engaged. The top earth was being stripped from a large area (thirty or forty acres it seemed to me) and a dam was being constructed. They told us they were going to build two filter beds of sand in addition to its settling reservoir. This reservoir is also to take fresh water from Sausal creek.

"The company seems to be carrying out all its promises, and I believe that they honestly mean to do all they say they will. If they do, there is no reason why Oakland should not have as good water as other cities. I do not suppose that perfectly pure water can be obtained from any catchment area, but I think that when the company completes its works we will have very good water.

"The company is now doing just what I suggested they should do when I was Mayor—build screening and settling reservoirs, and perhaps get a fresh supply, as they intend to do, from Sausal creek. They told us that, if necessary, they would cement the entire bottom of the settling reservoir. They are now digging down on all the springs, and if they find that they are of such a nature as to interfere with the purity of the water, they are cemented.

"I think the company is doing all that could be reasonably expected of it. Of course, they could put on 1000 teams at Highland Park, but that wouldn't be reasonable. So I say they are doing all that can be reasonably expected of them, and I feel sure that when they have completed the work in hand they will be able to furnish Oakland with good water."

"When I went over to the lake it was a great surprise to me," said R. M. Fitzgerald, Member of the Board of Public Works. "I had no idea that so much had been done toward purifying the water. They showed me the two small reservoirs where the screening process is in operation. I saw the process that the company had tried and discarded, and the one they are using now. Whether that is giving us pure water or not I can't say. It seemed to work well, but I suppose it will not be known whether the water is really pure or not until an analysis is made. Individually, I was greatly surprised, as I say, that so much had been done, when I had not known that the company had done anything."

"Do you think the present efforts of the company will result in giving the city pure water?"

"That I cannot say. An opinion would be merely guess work. But this is certain, they are spending a great deal of money to that end, and any man with common sense must know that they are spending it in the right way rather than the wrong way. At the Highland Park reservoir I don't know how many teams were at work the day I was there, but it seemed like two or three hundred. A great many men were employed too and things looked like business."

"Then you think the company is honestly living up to its promises with regard to purifying the water?"

"It certainly looks so to me. Whether they will succeed or not of course I cannot say."

Ely W. Playter, the third member of the Board of Public Works, spoke similarly to Mr. Fitzgerald and Mr. Martin. "I was favorably impressed with what I saw," he said. "There is no question that the water company is spending a great deal of money. The screening or filtering arrangement is a very good one, I think. The water is passed through two screens, each of which consists of four layers of cloth over a wire cylinder. The water passes through the second cylinder without pressure.

"The shores of the lake, so far as we could see, were in a satisfactory condition. There were no cattle in sight. They told us that the company intended to spend a great deal more money at the lake; that they intended to raise and strengthen the dam, among other things. This, from the conformation of the country, seems entirely feasible, and the area of the lake would thereby be greatly increased. There is plenty of water in the lake now—it is running over the gates—but they told us that more water had run off this year than they had been able to hold.

"At Highland Park the work was going ahead. They told us that it was their intention to put in filter beds as well as the settling reservoir. If the company does all it says it is going to do, I can see no reason why Oakland should not have good water. In fact I think the city water, as it is now is better than well water if it is first filtered in one of the ordinary house filters. I have a well on my premises, but I prefer the filtered city water, I believe it is more wholesome."

In addition to the Board of Public Works several citizens were interviewed with regard to what they thought of the situation of the water problem at present and the efforts of the water company to improve the quality of the supply.

F. K. Shattuck said he had not been out to the company's works though several times invited to do so. He knew that the company was employing a large number of men and spending a great deal of money. He said that Mr. Camron must have known what he was talking about in the Council on Monday night, and if all he said the company was doing were true, there is no reason, in his opinion, why Oakland should not have good water. He considered the water furnished now reasonably good. He did not think it unhealthy, though at times it was not very pleasant. As for the continual carping on the poor quality of our water, he said that in one year this had hurt the city so that it would not entirely recover for five years to come. He thought it time to stop if the water company is earnestly endeavoring to improve the quality of the water.

W. T. Veitch, builder—What Oakland needs more than anything is pure water. This city should be known abroad as having excellent water at all seasons of the year. The matter of charges doesn't cut so much of a figure in this controversy as most people presume. The town is growing and no corporation should struggle itself by exactions that will exert a boomerang effect. The water rates issue is a proposition that time and policy will solve. Every year there has been a hubbub in Oakland over this water question, and the agitation has not been much of a stimulant to this city's growth, but it clearly has made the water company anxious to give us better water. As a contractor I want to see more houses in process of construction in Oakland, and consequently I desire a steady influx of population. This water question should be settled. The matter of public works should be brought before this public vigorously, and that project should be pushed to a successful completion this summer.

William Moller, merchant — The prime issue involved is good water in this town.

Arthur D. Thompson of the First National Bank — Mr. Camron had the courage to step forth on Monday night and make it evident that he no longer is the foe of the water company, but in doing so he advertised the fact that the reason for his change of heart came as the consequence of his journey to the reservoirs of the water company where he saw that which evidently convinced him that the water company is endeavoring to provide Oakland with much purer water.

Al Wood, the painter—What I will say is this: Today we are getting better water than we ever had. Concerning the matter of the Mayor passing upon the ordinance enacted last Monday evening, I will say: The contemplated measure is identical, with but one petty exception, to the one now in force which was adopted by the Council about a year ago. Then people approved the adoption of that measure who are opposed to it now. I will not mention names but it will not bother folks much to recall the names of some of them. If it was right for such parties to endorse that measure then, it certainly is more warranted for them to do the same today, having in view the fact that the Contra Costa Water Company has been, and is, expending hundreds of thousands of dollars in perfecting Oakland's water supply.

M. H. Eastman, contractor—I don't think that the company is getting too great a compensation for its water. They have a big capital invested and have much at stake. I don't think the present water rates are excessive.

P. D. Browne, notary public—Mr. Camron has found that the water company is disposed to give us better water. He has changed his base as the result of investigation and new light on the subject. I think he has acted as an honorable and intelligent man ought to have done. As to the course of the water company in the particular of charges, I shall speak as a consumer, and, I trust, as a fair-minded man. Of course, I would like to have the rates reduced; that is natural. One wants to buy in a cheap market. But it seems improbable that the company would pursue a reactive policy. The more consumers, the greater the company's revenue. That is a plain hypothesis. It is to their profit that there is a continual inflow of settlers to this city. Reasoning on this basis, it appears to me that the company is doing wisely for its present, as well as its future standing and stability as a business organization. There is no question but that the company is spending a good deal of money in perfecting its plant, and the result can only be as the public demands, and that is, pure water for every day of the year. Folks should look at this matter dispassionately. I have heard that Mayor Glascock will sign the ordinance that was passed last Monday. If he does so, he will act with more reason than did his predecessor in fixing the schedule as it is now in force, for the proposed table of charges is virtually the same as now obtains.

Jacob Greenhood, capitalist—We have a good Mayor; a young man. He knows what to do. We have got a smart Mayor. What Mr. Glascock does with the water ordinance will suit me. I have faith in him.

J. L. Champlin, merchant—We business men are not experts on the water question. We have been educated to believe that the water rates here are a little high. But I must admit that I am not absolutely sure such is the case. Oakland should own its own system of water works. Until that time comes, we should do the best we can in the interests of this town. The first necessity, of course, is pure water. It is evident, that the water company is trying faithfully to better its water supply. Public sentiment should support them in that move, and not be disposed to harass them by handicap measures. The water now is excellent, and, I believe, that the water company is more interested than anyone else in keeping it up to that standard. Mayor Glascock has the opportunity to show his mettle, by his action in this matter. He ought not to be swayed by any motives other than honest judgment and pure equity will produce. Partisan clamor should not affect him in the least. He ought not to act as attorney of the water company, neither should he be led by demagogue arguments. His duty in the premises is plain. It is a fact, that the Contra Costa Water Company is perfecting its water supply. It is true, that hostile criticism has caused many of the people of Oakland to regard the water company with a feeling that, probably, is unfair and unmerited. But Mayor Glascock knows this better than I.

Charles McCleverty of the Fashion Stables—I should say, from what I know, and I speak from experience, that the company is spending a large amount of money to give us better water. I can say that they have succeeded. If any man will go and examine their plant, he will agree with me that the Contra Costa Water Company is doing business for the welfare of Oakland, as well as for their own private good. The people that are making this great howl are so prejudiced that they won't go and see what the company is accomplishing. Credit is due Mr. Camron. He went out to the works and he saw that he was wrong in censuring the company. The water is as good as any in the State. I am in favor of the Mayor signing that ordinance.

These expressions of opinion of leading citizens give a fair index of the public sentiment that the water question should be definitely settled now, without further unnecessary agitation, that would result only in damage to the material prosperity and progress of the city.

#### HE DECLINED TO CONFESS.

**Convict Wilson Believed to Be the Assailant of Flossie Moran.**

Deputy Sheriff Jamieson took W. Wilson to San Quentin, yesterday, where he will spend ten years, having been found guilty before Judge Gibson of a nameless crime. Sheriff Hale instructed his deputy to use every means in his power to try to secure a confession from Wilson, whether he committed the outrage on little Flossie Moran at Berkeley a year ago. The officers are firmly convinced that Wilson is the man who committed the crime. Jamieson tried his best to get a confession from the prisoner, but Wilson would not admit that he committed the crime. The deputy informed him that he could not be punished for the offense for the reason that when his time is out at San Quentin, the crime will have been outlawed. He also told him that he might save an innocent man from being charged with the crime if he would tell the truth. Wilson, however, maintained that he was innocent of the charge of assaulting Flossie Moran, and declared that he was not in Berkeley on the day that the outrage was committed. The officers are thoroughly convinced that he is guilty of the crime, but they cannot find any direct evidence against him.

## THE BLACK "PUG."

### Peter Jackson Greeted by His Admirers.

THE COMING MATCH WITH SULLIVAN.

**On the Same Train Came the Pacific and Herman Oelrichs and His Party.**

The wind whistled dismally through the telegraph wires at Sixteenth street station this morning, and the fog rolled overhead in great sheets and banks, and a dozen or more "sports" who stood on the platform, ticked their hands into their pockets and I wished that they had put less into summer clothes and more into spring overcoats. There was an unusual number of colored "sports" dressed in the lightest of light spring suits, with the loudest of loud checks, bound heavily with braid. They buttoned their jaunty coats tight up around their throats, even at the expense of hiding their many-colored vests, and gathered in sheltered nooks to discuss the great "Petah," whom they were to meet.

While on the platform they might have been mistaken for owners of the road, but when they mounted the steps of the Pullman sleeper and beheld the subject of their conversation, with all the lesser lights of the combination around him, they dwindled in importance until they could not be distinguished from the ordinary car porter save in the splendor of their attire.

Peter Jackson was found seated in the smoking room of the Pullman car attached to Train No. 2, which arrived in Oakland at 9 o'clock this morning. Opposite him sat Parson Davies, Jack Ashton and Sam Fitzpatrick.

Jackson was looking well, and his six feet of height was clothed in a long black Prince Albert coat, striped trousers and a black vest plentifully speckled with red.

He was met by Billy Jordan, H. W. Lewis, W. W. Knowlton and S. J. Abrams of the California Athletic Club, who had come over as a committee, to welcome the only Peter back to the city where he achieved his first great triumph, the first victory that made him really famous.

Of course, the first question to ask the returned pugilist, and the one the public desires most to have answered, is the status of the Sullivan-Jackson fight, and so Jackson was asked all about it.

"I don't know anything about the date, or the arrangements. I will do just as the California Club wants me to in those matters."

"But is the fight coming off?"

"Sometime," with a smile.

"Has any agreement been reached, or any articles signed?"

"I will tell you the way the affair stands," said Jackson. "Sullivan hasn't got that Mississippi affair off of his hands yet, and he won't have, for some little time yet. When he does, it will be time enough to talk about our fight. Sullivan can do nothing until his troubles over the Kilrain fight are ended. After that I am to have the first fight with him."

"Has any date been set?"

"Some time in the future," replied Jackson with another expansive smile.

Billy Jordan of the California Club confirmed Jackson's statement, and said that it is definitely settled that when the fight comes off it would be in the California Club-rooms. The other details and arrangements had not yet been completed.

"Won't that prevent the much-talked of fight between McAuliffe and Sullivan?"

"Well, for a while. I am to have the first engagement," said Jackson.

"Will you stay in California, or will you go back to Australia?" was asked.

"I don't know. I have not made any plans as yet. I want to get over this trip first."

"Then you won't go in training for some time?"

"Not until the final arrangements are made for this fight. I am in pretty good condition now, for I have only just completed my tour around through England and the East."

"How are you feeling?"

"Never better."

"What kind of a time did you have in the East and in England?"

"We had a great time," said Jackson, as he thought of his victories in the East and the downfall of Smith in London. "I was very successful, particularly in England. I fought under the California Club colors there, and can't complain of my treatment at all."

The interview was interrupted by the aforementioned "sports," who crowded around to welcome Jackson back again to California. At the San Francisco side the party was met by carriages and taken to the California Club, where a reception was tendered to the brawny black man.

On the same train, Herman Oelrichs, who wilt shortly wed Miss Fair, arrived, travelling in the private car Cupid, and while Mr. Oelrichs and his little party walked along the platform, welcomed by but a friend or two, Jackson stood near by surrounded by an admiring crowd of "pugs," "sports," trainmen, a general rabble and some few reporters.

## RIPPED OFF ONE SIDE.

### All the Passenger Cars in a Train Damaged.

**An Extraordinary Railroad Disaster at Lathrop in Which No One was Injured.**

The Stockton and Sacramento express train that left the Oakland pier yesterday at 8:37 A. M. met with an accident at Lathrop about noon that narrowly missed killing half the passengers. One side of the entire train of cars, with the exception of the mail and the express car was torn out and every window on that side was smashed. How it was that no one was injured is a mystery, but the passengers were so badly frightened that a number of them fainted.

As the passenger train was pulling into the station, a freight car had been "kicked" down a siding by one of the switch engines. The two tracks run together near the station, and the freight car went too far and struck the passenger train, which was moving rapidly, with the result that the side of every one of the coaches was ripped out by the projecting end of the box car. The accident delayed the train for about an hour, and it was necessary to make up an entire new train to take the passengers on to Sacramento. The wrecked cars went to the Sacramento shops this morning from Lathrop. So far as known at West Oakland no one received any injury more serious than a few slight scratches.

### The Water Troubles.

The remarks of Mr. Cameron on Monday night, before the City Council, corroborated as they are by personal observation of other men in responsible positions, have caused the people to realize that the Water Company is acting in good faith in their endeavor to purify the water and the realization of this fact has had a very happy effect in quieting the unhappy agitation which has stirred Oakland for months, and, indeed, for years. In view of these facts, it seems probable that the Water Rate ordinance will become a law, and, under the circumstances, the interests of Oakland required that it be signed by the Mayor, and, when, during the summer, it is found that the water supply is good, the cause of irritation will be removed. The experience of the past six months, its angry debates, and the concomitant damage to property interests, have caused many of our best citizens to come to the conclusion that the only certain way to prevent a recurrence of such trouble is for the city to purchase the water works. This is not altogether a new idea, but *it has not heretofore been seriously considered, nor could it be done without some changes* in the law of the State. In any event, it is a measure which would take a long time to consummate, and its present phase is simply that of discussion.

THE queer snags in the way of frontier justice, and the general expediency of Lynch law on the ground of economy, are illustrated by the case of a certain Hunsacker, who was convicted in Eastern Oregon of horse-stealing, some year or so ago, and was sent to the Penitentiary. The officers of Grant county sold some of his horses to pay for costs of his trial, etc. While he went to jail, his lawyers went to the Supreme Court and got a new trial. The people of Grant county were in a bad fix, but they were equal to the occasion. Before the second case could be tried, a round-up of stock disclosed several cases of his tampering with their brands. A vigilance committee was organized, and Hunsacker was given the choice to skip or to take the rope route instead of his second trial. He skipped.

THE *Chronicle* urges everybody to answer truthfully all the questions put by the census enumerators, but ignores the fact that some of these are stupid and impertinent, besides being a direct invitation to lie. What sort of dependence can be placed on the truth of the answers to such questions as, "Are you suffering from any chronic disease?" or, "Were you or any of your relatives convicted of crime?" Information of this sort, gathered under a bogus threat of a fine, is worse than useless, because it is misleading. The fact is, that the cheap and nasty methods of the bureau have seriously discredited the whole work.

CERTAIN cranky capitalists of Stockton have instituted a queer plan to beat the proposed issue of bonds in that town. Knowing that no newspaper would undertake their cause, they have hired a gang of jawsmiths to go among the workingmen and talk against the issue. One might suppose it would be pretty hard sledding on that road, because the expenditure of money on public works goes straight into the pockets of the workingmen first of all.

THE Ohio schoolmaster who married six women, and was preparing to marry as many more, is one more example of the energy and versatility of this wonderful people, who, not content with wanting all the offices, now appear to be after all the wives.

THE journalists of Arizona repudiate with some acrimony the red-handed screeds of the *Kicker* as a libel on their craft. It is fun for the boys, but it is death to the frogs.

It is Captain Osborne with a handsome mustache who has been nominated for Pension Agent. Captain Osborne with a fine flowing beard got left.

**A Nice Point of Law.**

The Bynum-Bayne episode in the House settled one important point. It is not parliamentary to call a member a sewer, but it is parliamentary to call him a conduit pipe.

## FATHER M'NALLY'S SCHOOL.

**Commencement Exercises at the Parochial Institute in West Oakland.**

The graduating exercises of the class of '90 of St. Joseph's Institute, at West Oakland, took place in the music hall of the institute this afternoon. The graduates are: Misses Loretta F. Donnelley, Sophie F. Detels, Mary E. Flynn, Nellie M. O'Brien, Rose J. O'Brien, Emily B. Wells, and Lilian M. Young.

The diplomas were awarded by Rev. Father McNally.

The class motto was "No Footsteps Backwards."

The sisters regret that the small hall at their disposal, being only one of the ordinary classrooms, precluded the possibility of having the attendance as large as they would have desired. The young lady graduates invited only their relatives and immediate friends to witness the exercises. Tomorrow will be music exhibition day, and the sisters will be more generous in their invitations, as far as space will permit. The sisters wonder why some rich person would not think of them and provide them with a hall, wherein to display the work which they can so admirably produce. Among the varied instruments these sisters can display about eighty players.

The following programme was carried out today.

Instrumental (30 hands), "L'Esperance" ..... Bauman
Pianos, organs, and violins.
Hymn, "All for Thee" (solo and chorus)
Accompanied by violin, piano, and organ.

The young lady graduates have received a very good lot of knowledge in physiology, having been initiated in this science by Dr. J. Maher, to whose lectures they listen with pleasure, and they say that when they themselves will be receiving the plaudits of friends, they will take occasion to give expression to their sense of deep gratitude to their professor, the learned Dr. Maher. Father McNally will have to suffer a crystal shower of eloquent spray, too, shining in the rays of gratitude and fervid feeling and similar nice words.

## THE LUNGS INJURED.

**John Woolley Severely Hurt by His Heavy Fall.**

## NO EXONERATION.

**The Trustees of Mills College Explain Their Intentions.**

The full text of the resolution passed by the Trustees of Mills College in reference to Dr. Stratton, is as follows:

Referring to the resolutions adopted by this Board March 11, 1890, it having been given out and declared by persons then members of this Board, that said resolutions were intended to be an exoneration of Dr. Stratton as to the subject of the investigation therein referred to; therefore,

*Resolved*, by unanimous vote of the Trustees here and now present (except Mrs. Mills, not voting), that it was not intended that said resolutions should be either an exoneration or condemnation of Dr. Stratton, but were intended to avoid, if possible, the bringing a scandal upon the institution, and to avoid dissension in the Board. No vote as to exoneration or condemnation was had, nor any collective expression of opinion thereon.

The President of the board was directed to appoint a committee, selected from the Alumnæ, consisting of not less than six members, who shall make it their duty to visit the school once a month and look over all matters relating to the good of the institution, especially such as cannot as well be reached by gentlemen, and report once a quarter to the Board of Trustees.

Rev. Dr. E. S. Chapman of East Oakland was requested to act as chaplain of the college.

## SHE DROPPED THE VEIL.

**Edith O'Gorman Tells the People Why She Left the Convent Walls.**

Edith O'Gorman, who is advertised under the catching name of "The Escaped Nun," had a large audience last evening to listen to her narrative of her experiences during her convent life. After explaining what she said were the difficulties she has to contend against in her present mission, she proceeded to tell her experience from the time when, at the age of 17, she entered the convent of St. Joseph of the order of Sisters of Charity in New Jersey, until the time when she broke away from the cord, cast aside the veil and married Mr. Avery. She took occasion strongly to denounce the Catholic schools.

This afternoon she told an audience of women what she said were the secrets of the confessional, and this evening she will inform a mixed audience why she fled from the convent and renounced the veil.

## THE INFECTION.

**Another Case of Scarlet Fever—Precautionary Measures.**

Another case of scarlet fever has been reported, the disease this time being at 2362 San Pablo avenue.

Five cases of measles at 842 Thirty-second street were also reported this morning.

Chief of the Fire Department Kenedy states that all the ponds of stagnant water have been pumped out, and therefore one cause of disease is removed.

**An Old-fashioned District School.**

Next Monday evening, in Washington Hall, East Oakland, an old-fashioned District School will be held. Many prominent persons will be present and assist, among them ex-Governor Blasdell, City Attorney Johnson, Judge Crane, Attorney Hardy, and V. S. Northey. The ladies and young people also will be well represented.

**A Merry Family.**

Thomas Fox, who boards with his married brother at Third and Clay streets, got in trouble at the house last night, and a row ensued, during which, it is charged, he broke a chair over his sister-in-law's shoulder. He was thereupon arrested for battery, and in entering a plea of not guilty this morning, his trial was set for Saturday.

**Mendoza Guilty.**

Antone Mendoza, formerly of San Leandro, a barber, who killed his wife in San Francisco after she became a common woman, was convicted of manslaughter, and by the jury recommended to mercy.

## ILLEGALLY ANNEXED.

**That Is What the Courts may Decide in the Adams Suit.**

Vernon Heights has been illegally annexed! The city of Oakland is not entitled to the territory recently taken within her bounds and the city tax collectors will have to refund the thousands of dollars collected from the people in that territory. If this is the decision to be rendered by the courts in the suit of Edson Adams against the city, the city of Oakland will be retarded in its growth and the councilman who was to be at large in that district will never roam through the corridors of Oakland's municipal building. There will then be only one way to get that territory annexed to Oakland, and that is, to have it brought in by the Peoples Express and Transfer Company which checks baggage to all parts of the United States from your residence, besides doing a general express business. Telephone 326. Office 423 Tenth street.

*The branch office of the Western Union Telegraph Company in THE TRIBUNE office, 415 Eighth street very convenient for many merchants of Broadway and Seventh, Eighth and Ninth streets.*

# NORTH OF OAKLAND

## Berkeley, Golden Gate, and Emeryville.

### THE JUDSON IRON WORKS CLOSED.

**The Busy Communities That Some Day Will Form Part of a Great Big City.**

Miss Alice Wilhoit of Stockton is visiting friends in North Berkeley.

Property is increasing in value along the line where the electric road is to pass through this town.

Several of the apartments in the Hann Block have already been rented, although the building is not nearly completed.

Mrs. S. A. De Lorme of North Berkeley is now painting a large picture which will cover a canvas five by seven feet, entitled "The Gates of Titus." When it is finished it will be placed on exhibition.

Mrs. Moore, formerly Mrs. Sabine, visited this town yesterday and states that she is going to England to look for her divorced husband, and get her children. Her present husband, Mr. Moore, is also about to go England to take charge of some valuable property which has been lately left him.

A resident of this town, who has held county offices several times, and who is a strong Republican, remarked yesterday that he believes this town will not give its usual large Republican majority at the general election this fall, as a large number of Democrats have moved into the town in the past two years.

The University buildings cannot be seen from the business part of this town on account of a large number of dilapidated-looking gum trees near the west line of the grounds. More than half of this gum tree grove was cut down some time ago, and should the remainder be removed, the buildings would make a handsome sight from from their elevated position. As it is, they are entirely excluded from view.

Captain Pittman of North Berkeley presented a protest to the Town Trustees several weeks ago against the laying of a board sidewalk in front of his property on Spencer street, and asked that he be allowed to lay a cement walk. The request was granted, he supposed, but last Monday evening the new board awarded the contract for a wooden walk, and the contractor attempted to commence operations yesterday morning. Captain Pittman strenuously objected and the work has been stopped until the matter can be settled.

**Golden Gate.**

A new house has been commenced on Mattie street.

Frank Esmond has had his wagon, which was struck by the local, repaired at the expense of the railroad company.

A change has been made in the time of the local street car. Four trips are now made each hour, instead of three trips.

A baseball club from San Francisco will play the Golden Gate team next Sunday at 11 o'clock on the Del Monte grounds.

The Stars and the Emerys will cross bats here tomorrow at 2½ P. M. Both teams are composed of good players, and a close game is anticipated.

A party of parents and school children from this place attended the exercises at the Lorin school on the occasion of the raising of the new flag.

It is the general opinion that the present School Directors will be re-elected, as they give perfect satisfaction. They are Messrs. Don F. Miller, James Rourke and G. W. Hunt.

Workmen are now grading the northeast corner of San Pablo avenue and Stanford street, for the foundation of Mr. O'Neil's new block, which will be eighty-five feet front on San Pablo avenue and fifty feet front on Stanford street.

Yesterday afternoon a well-known man in this place, who was formerly employed in a drug store here, and is known as "Doc," visited Golden Gate with a large quantity of alcohol aboard. He remarked to J. O. Watkins that he would like to get a job on the grading for half a day to "work off his heat." The real estate agent spoke to the foreman and as he happened to need another man the "Doc" was engaged at the rate of $2 per day. He took off his plug hat, borrowed a straw one, and began to operate the dirt scraper. All went well for about two hours, when the scraper suddenly struck the root of a tree. The new hand threw his weight upon the handles of the scraper to avoid being thrown over the horses' heads, but, in doing so, his left foot was caught under the scraper. He cried for help, and was soon relieved. He was put on the street car, and taken to Jensen's drug store. About an hour afterwards, he was able to walk, his injured foot being cased in a slipper. He procured additional stimulants, and took the local train for Oakland. Before leaving, however, the foreman of the grading gang gave him 40 cents for two hours' work.

**Emeryville.**

The foundrymen and the rolling mill employees will play ball next Sunday afternoon.

Complaints have been made of boys swimming in the bay in an exposed condition, in full view of passengers going to and fro on the local trains.

The Judson Works are now closed while a new foundation is building under the large engine. The men expect to get to work again by next Monday.

An excursion will be run from here to Oak Grove tomorrow. Several residents of this place will take this opportunity to spend the holiday in the country.

An extra car has been put on the street car line between this station and the terminus of the cable line. Three trips are now made per hour, when formerly there was but one trip made per hour.

**Lorin.**

The Lorin lumber yard has been painted in fine style with new signs.

A "bus" load of Good Templars went to Lorenzo Monday night to attend District Lodge. They had a very enjoyable time.

Mrs. Walter Gill, of Alameda, and children visited with A. H. Poe on Sunday. She was exceedingly pleased with the little town.

The German Church will be dedicated two weeks from next Sunday. Services in the new church will be held for the first time a week from to-morrow.

Rev. Henry Maar will preach in Park Church Sunday morning and evening. Rev. G. B. Allen, formerly of San Lorenzo, will fill the pulpit during June.

Rev. H. B. Roller will preach in the new German church on June 8th. The church will be dedicated on the 15th. The services will probably be conducted in English on Sunday evenings.

A party was given Monday evening to Miss Argo, who was to leave the next day for Canada, where the remainder of her relatives live. A number of friends were present and a pleasant evening spent.

The Park Church and German Sunday schools will picnic with the Berkeley schools at Laundry Farm on Saturday. Tickets for the round trip can be had of G. B. Burbank or A. B. Toynton for 55 and 30 cents. The train will leave Lorin station at 9:05 o'clock A. M.

A Chinaman who beat his horse, on Monday afternoon, was treated to a runaway. The animal ran from Woolsey to Alcatraz avenue, and while turning the corner of the latter street turned the load of clothes, mixed up with the Chinaman, upon himself, and so could not go any further. A crowd soon collected, picked up the wagon, harnessed the horse and sent John on his way, more scared than hurt.

All was festivity at Lorin school on Monday, on account of flag raising. All the parents of the children were present to witness and participate in the affair. A programme was rendered in which State Superintendent Hoitt and County Superintendent Fisher participated. The "Star Spangled Banner" was sung by Miss Hayes. Phil. Sheridan and H. D. Irwin raised the flag.

**West Berkeley.**

The Dickens Literary Society is about to reorganize.

The contractor for the Fifth street grading has commenced operations and will push ahead rapidly.

The case of The People vs. Sisterna, the charge being that of disturbing the peace, has been postponed by Judge Lloyd until Saturday next, at 1 P. M.

The conviction and particularly the sentence imposed upon Principal Harris is a subject of much discussion here. Some say that the fine was none too small, while others, who claim to be acquainted with the facts, state that the principal did not give the boy half what he deserved.

The preliminary examination of Nicholas Kennedy, charged with assault with intent to commit murder, was held before Judge Lloyd yesterday afternoon and the defendant was held to appear before the Superior Court, with bail fixed at $500. The defendant stabbed Peter Cassabone, his uncle, some weeks ago. He was unable to secure the required bonds and is in the county jail.

**Temescal.**

Lots of dust, and no sprinklers.

A new cottage is being erected on Forty-sixth street by I. Freian.

Miss Jundd was bitten by a vicious dog, Sunday morning, in front of the bakery at Forty-fifth street. She was not seriously hurt.

The gardens are full of fine flowers.

Miss Eliza Burns of Freestone, Sonoma county, is the guest of Mr. and Mrs. S. N. Harrison.

**On the Diamond.**

The Oaklands will play the San Franciscos at the Haight street park this afternoon. The make up of the nines will be as follows:

| Oaklands. | Position. | San Franciscos. |
|---|---|---|
| Meegan | Pitcher | Young |
| Lohman | Catcher | Speer |
| Isaacson | First base | Sweeney |
| McDonald | Second base | Shea |
| Stickney | Third base | Buchan |
| N. O'Neil | Shortstop | Ebright |
| Dungan | Right field | Stevens |
| Hill | Center field | Hanley |

The Kasts will play the Newarks at the Newark park next Sunday. The winning team will be presented with a silver cup.

## COLLEGE SPORTS.

**Tennis, Athletic Games, Baseball and Rifle Shooting.**

An artesian well is being sunk in the northeastern portion of the University grounds.

Tomorrow afternoon at the Oakland grounds the Anglo-Nevadas and the E. and O. E's will play a game. The game will be called at 2:15.

The Universities and the Reliance Club will play a postponed game of baseball at the Alameda grounds, tomorrow morning at 10 o'clock. The same teams will play a regular league game Saturday afternoon at the Oakland grounds.

The University nine will probably play the Anglo-Nevadas Saturday morning. This game is necessary on account of the latter having protested their first game with the University and having won their protest. The protest arose from the fact that one of the Anglo-Nevadas was called out for batting out of his regular order.

Yesterday afternoon the doubles in tennis for the University championship were played on the University courts. In the first round Garber and Palache defeated Lusebert and Bioletti by 6—1, 6—2; Merrill and Latham beat Allen and Haskin, 6—3, 6—1, Garber and Palache then played Bailey and Townsend, bye, and were successful by 6—3, 6—2. Merrill and Latham bested Ransom and Brown, bye, 6—1, 6—2. Garber and Palache, and Merrill and Latham then came together for the finals, and after a close struggle the former came out champions by 6—1, 10—8. None of the players showed up in very good form, all indicating a lack of practice. Nevertheless the play of yesterday was of excellent service as practice for those who intend entering the Lake-side tournament tomorrow. Those who will represent the University are Allen and Haskin, Garber and Palache, and Merrill and Latham.

Tomorrow the University athletes will make a determined effort to wrest the championship pennant from the Olympics.

The following University men will enter in the Olympic contests tomorrow:

1. One hundred yard dash—Mays, Gallagher, Ainsworth, McNear, Lakeman, Melone, Winter.
2. Two hundred yard race—Mays, Ainsworth, Gallagher.
3. Four hundred yard race—McNear, Sutton, Mays, Robinson, Gallagher.
4. Half mile run—Sutton, Lakeman, Winter Hill.
5. One mile run—Hill, Weaver, Burke.
6. Five mile run—Hill, Weaver, Robinson, Head.
7. One hundred and twenty yard hurdle—Moffitt, McNear, Wright.
8. Two hundred and twenty yard hurdle—Moffitt, McNear, Bouse, Mays.
9. Shot put—Bause, Hunt, Roberts.
10. Hammer throwing—Bouse, Morrow, Dubbers, Roberts.
11. Running high jump—Moffitt, Whiting.
12. Running long jump—Moffitt, McNear, Winter, Wright, Whiting.
13. Pole vault—E. C. Van Dyke, Titus, Head, Clarke.
14. One mile walk—Fonlks.
15. Three mile walk—Fonlks.
16. Tug of war—Roberts, Hunt, Morrow, Bouse, Dubbers, Driver, Byles, Peart, Pierce.

At the 500 yard range yesterday the following scores were made: Robinson, 22; McKissick, 21; Dean, Cary, Townsend, 20; Bailey, 19; Driver, 18; Chick, 21.

## LIQUOR LICENSES.

**The Action Taken by the Ordinance Committee.**

Comprising the Ordinance and Judiciary Committee of the Council, Messrs. Evans, Earl, Towle, Brosnahan, and Kirk, met last night for the chief purpose of disposing of a number of applications for liquor licenses.

The following requests for the privileges of conducting saloons were recommended to the Council: Courant & Bouquet of the Galindo Hotel building. D. Rahsen of 1501 Seventh street, George Kugler, 1540 Seventh street; Charles Rosch, 477 Eighth street; Andrew Carlsen, 1500 Telegraph avenue; Eichwede & Mahr, 855 Adeline street; L. Dresco, 473 Eighth street; N. L. Monk, 115 Seventh street; Potter & Cook, 1818 Seventh street.

The application of Joseph Baker of 922 Broadway struck a snag. The house in question was formerly run by Hart, who sold it to School Director Chartrand, who, in turn, disposed of it to Baker. The license for the establishment having nearly expired Baker got a new one, but gave the name of Hart in so doing, and that individual strongly objects to the procedure. The committee deliberated a little while as to whether or not Baker's license should be canceled, but finally ordered him to appear before the committee again on Monday next at 7 P. M.

A big protest was entered against the application of Morgan & Murphy of Eighth and Alice streets. They stated, however, that it was the work of a rival grocer, and informed the committee that they do not wish to operate a saloon, but merely carry on a family liquor trade. The matter was laid over for further consideration.

As was expected, the application of H. C. Quellen of Twenty-third avenue was denied.

The committee then took up ordinancial matters, and Mr. Evans submitted an ordinance regarding the keeping of stock in town. He withdrew it, however, to make some changes prepared by the other members.

The following ordinances were recommended for passage: Appropriating $11,500 for dredging and city wharf construction; establishing grades on East Twenty-second street, from Seventeenth to Twenty-fourth avenues; changing the width of the sidewalks on Thirty-fifth street, from San Pablo avenue to Market street; establishing the grades on Sixteenth avenue, from Sixteenth to Twenty-first streets; establishing the grades on Orchard street; establishing curb grades on Webster avenue.

An ordinance regulating the erection of telephone and telegraph poles, and an ordinance regulating the placing the cellars under the sidewalks were laid on the table.

## SIXTEENTH STREET.

**The Question of Its Widening Discussed.**

The first business taken up by the Board of Public Works last night was the question of widening Sixteenth street, from Peralta street to the railroad, and a number of suggestions from property holders in the affected district were received. The witnesses stated that the feeling among the landowners is unanimous against both giving the land necessary for the widening, and the taking the full twenty feet from the north side of the street. They wanted ten feet to be taken from each side, the city to pay a fair price for the same. The matter was laid aside for the present, and the board will consider the matter.

The letting of contracts was then taken up and the following awards made:

For 3000 feet of 2½ inch hose to R. S. Chapman, for 78 cents per foot.

For rebuilding the Main Lake sewer to the California Bridge Company.

The Magnolia street lot offered by V. D. Moody for $890, for the site of the new Poorhouse, was accepted, providing a clear title could be shown.

The board then adjourned.

"A Wonder of Medical Science," may well be applied to DR. WISTAR'S BALSAM OF WILD CHERRY. It is nearly half a century since this remarkable remedy was introduced to the public, and yet the immediate and enviable reputation which it gained by its wonderful cures of coughs, influenza, consumption, and all bronchial complaints is to this day fully sustained.

---

**Strong Language.**

J. B Loughran, ex-mayor of North Des Moines, Iowa, said recently: "I have just recovered from a severe attact of la grippe. I used Chamberlain's Cough Remedy, and applied Chamberlain's Palm Balm to my breast. These remedies were just the thing in my case. My child had croup some years ago, and we used Chamberlain's Cough Remedy with perfect success, since then we have never been without these medicines in our house. I had a cousin who was a printer and was employed in a job office in this city, where they were printing circulars for Chamberlain. He had a deep-seated cold and terrible cough, and while setting up the copy he made up his mind to buy a bottle. It cured his cough and that was the first time I ever knew anything of Chamberlain's remedies. I have been strongly in their favor ever since. My own experience and that of my family convinces me that these remedies are the best in the world. That may be strong language, but it is what I think." For sale by Kirkland & Trowbridge.

The American Book Company is a stock company incorporated under the laws of the State of New Jersey for the purpose of carrying on the manufacture and sale of books.

Its places of business are at Nos. 826 and 828 Broadway, New York, No. 137 Walnut street, Cincinnati, Ohio, and Nos. 258 and 260 Wabash avenue, Chicago, Ill.

The American Book Company has purchased the school-book publications hitherto issued by D. Appleton & Co., A. S. Barnes & Co., and Ivison, Blakeman & Co. of New York, and of Van Antwerp, Bragg & Co. of Cincinnati. The company will faithfully carry out all contracts entered into by these respective firms for the publication and supply of these books. The text-books which have thus been acquired by the American Book Company have been intimately associated with the history of educational progress of this country for over half a century, and the company will devote its best efforts to sustain the great reputation these lists have achieved. To this end it will seek the aid and co-operation of educators and authors in maintaining the quality and accuracy of its publications, and in the preparation of such new and original books as the progressive demands of the schools shall warrant.

The company is organized in the interest of a reasonable economy in the production and sale of school-books, and it will employ its capital, its combined labor and experience to produce books of the highest quality at the least cost, and will offer them at the lowest price at which similar books can be sold in any country. It will pursue an open, direct business policy toward competitors, customers, authors, and patrons. It seeks no monopoly, and invites an open, honorable competition, with respect both to quality and to price of books for use in schools.

The publications assumed by the company have hitherto received a large share of public patronage. The company hopes to merit a continuance of the same.

## KATIE LEFT HOME.

**An Anxious Mother Looking for News of Her Daughter.**

A well-dressed lady who appeared to be greatly excited, called at the office of the County Clerk this morning for the purpose of ascertaining whether her daughter, Katie Wenzel, who has been residing with her parents at 1417 Mission street, San Francisco, had secured a marriage license.

"I just want to ascertain whether my daughter is living a life of shame," said the mother with tears in her eyes.

The case proved to be the same old story of love laughing at locksmiths, and even Deputy Clerk Sam Hunter, who never weeps, was almost moved to tears, when he heard Mrs. Wenzel relate the story of her daughter's elopement, after she had been informed that no license had been issued for the marriage of her daughter in this county.

Mrs. Wenzel says that Katie, who is 19 years old, left home last Monday and has not returned, and she fears she has gone with a Spaniard, whom the mother knows only as Joe, with whom the girl has been forbidden to associate. Mrs. Wenzel finds that no license to marry was issued to her daughter either in San Francisco or this county.

## THE M'ALLISTER CASE.

**A Charge of Felony Dismissed and One of Misdemeanor Substituted.**

James McAllister, accused of assault to murder, committed on Martin Jackson, by striking him on the head with two feces of piping during a quarrel, was examined today in the Police Court.

At this afternoon's session a motion to dismiss was made by the defense on the ground that the prosecution failed to show the necessary evidence and was granted, the court remarking that the case was one of battery. A complaint was therefore issued against McAllister on that charge and his bond was fixed at $500, which was at once furnished.

**Open Air Concerts.**

This is the season for open air concerts. The Fifth Infantry Regiment Band, one of the best military bands in the State, is willing, for a reasonable price, to give a concert in the City Hall plaza one evening of every week. A committee is now trying to secure the amount needed, and the effort should be successful. The open air concerts are enjoyed by thousands of people, and are pleasing alike to residents and visitors.

**All the Year Round.**

The first figs of the season came up from Palm Valley, San Diego county, yesterday. They were at once taken by the fancy dealers at 50 cents a pound. Apricots have been ripe for some time at Palm Valley, and have adorned the tables of several Oaklanders, who are interested in property there.

**The Razor Row.**

Charles Johnson, charged with assault with a deadly weapon upon Walter Burns, obtained a dismissal in the Police Court this afternoon, as the defense showed that the prosecuting witness could not be found. Johnson is the individual who produced a razor from his boots during a row with Burns over a game at billiards.

**Who Has Cleve Dam's Pup?**

C. Lionel Dam, Secretary of the Board of Public Works, laments the loss of his prize fox-terrier, which was stolen or strayed from his residence last night. The loss is particularly keen now, as he has just paid the entry fees for the animal in the coming bench exhibition.

**An Eastern Trip.**

Mrs. O. K. Hopkins left, last evening, for the East, accompanied by her two children and her father. She will visit the relatives of her deceased husband, in Michigan, and her own relatives in the South. She will be gone about two months.

**The Tennis Tournament.**

The tennis games at the great tournament of the Lakeside Club will begin tomorrow morning at 10 o'clock.

## REME'S DAMAGE SUIT.

**The Court Insists That the Plaintiff Must Advance Costs.**

The case of Frank Reme against W. H. H. Hart and James Crisp Perry, to recover $30,000 damages for alleged malicious prosecution, was set for trial before Judge Ellsworth this morning. A jury had been demanded by the plaintiff, and when the case was called both sides answered ready. The court called attention to the rule which says that the Judge may make both plaintiff and defendant advance the full amount of costs each day as the trial progresses. He thereupon ordered each side to advance the sum of $41. Mr. Hart put up the money, but Attorney Brearty, who represented the plaintiff, could not raise that amount, and the court refused to proceed with the trial of the case. Mr. Hart stated that he had been greatly annoyed by the suit, and he desired it disposed of, and suggested that the failure of the plaintiff to comply with the order of the court amounted to an abandonment of the case, and he asked that it be dismissed. After some discussion the motion to dismiss was withdrawn, and the trial was continued to September 10th, Mr. Brearty stipulating that if he did not have the money in court by that time the case might be dismissed. Reme was prosecuted by Hart on a charge of attempting to kidnap Florence Blythe while she was living at her grandfather's home at Berkley. He was acquitted of the charge, by a jury after remaining in jail several months.

## UNTRUE TO HER HUSBAND.

**Field Discovered Letters Which Compromised His Wife.**

Dunne W. Field, who is employed by the Oakland Produce Company, has been released from the bonds that bound him to Mary Ada Field, because of her infidelity. The wife failed to answer the serious charges made against her, and yesterday the testimony in the case was taken before the Court Commissioners. Field discovered his wife's duplicity some three months ago, and as soon as he made the discovery he left her and instituted divorce proceedings. In his complaint he gives the names of three men residing in San Francisco, who are concerned in his wife's downfall. There were some interesting exhibits in the case in the shape of letters, which did not place Mrs. Field in a very pleasant position. Judge Greene read the letters and the testimony in the case yesterday afternoon, and concluded that Field was an injured husband, and granted him a divorce on the ground of infidelity.

## BEST TIME ON RECORD.

**A Divorce Suit Brought and Ended in Less Than Twenty-four Hours.**

Tuesday afternoon, at 5 o'clock, Mrs. Smith filed a complaint for a divorce against Du Ray Smith. Yesterday morning, the defendant filed an answer to the complaint. The attorneys stipulated that the case be tried immediately. At 4 o'clock yesterday afternoon, the case was tried before Judge Gibson, and the defendant made no contest, and a divorce was granted on the ground of cruelty. The parties settled their property rights out of court. In this case, the best time on record in securing a divorce in this county was made. The two minor children will remain with their mother.

## THE COUNTY ASSESSMENT.

**Members of the State Board of Equalization at Work.**

C. E. Wilcoxson, Chairman of the State Board of Equalization and L. C. Morehouse, member of the board from this district, have commenced work in this county examining into the values of real estate in order to secure data to compare with the assessment which will be made by County Assessor Molloy. Their method of procedure is to examine the record of sales when the actual consideration is stated in the deed, and comparing the price with the assessed valuation of the properties. They also take the improvements in estates, and ascertain at what the property has been appraised.

**Mrs. Smyth's Essay.**

Mrs. S. Gertrude Smyth, President of the Nationalist Club, last evening read an essay upon "Equality." The other events for entertainment of the club were as follows: Piano solo, Miss Emma Cannon; original poem, "Humanity," Mrs. Mason; vocal solo, "Katy's Letter," and, in response to an encore, "I Cannot Sing the Old Songs," Mrs. Ella Zwister; reading of an article entitled "Working Women's Views"; singing of "America" by the assembly.

**Small Suits Appealed.**

J. F. McKeever recovered a judgment against S. A. D. Baty for $16.25, in Justice Byler's court in Alameda. The defendant is dissatisfied with the judgment and has appealed to the Superior Court.

J. H. French secured a judgment against R. M. Murray for $82.77 in the Justices' Court. The defendant is dissatisfied with the decision and has appealed to the Superior Court.

**The Oil Tank Case.**

Attorney A. A. Moore appeared this morning for E. A. Watson, who is charged with maintaining tanks of oil within the city limits, and asked for a continuance, saying that, owing to a misunderstanding, the defendant had gone to Fresno. His request was granted and the case continued to June 16th.

**Lottie Wilson Discharged.**

Lottie Wilson, by calling a disinterested witness this morning in the Police Court, easily proved that the charge of battery preferred against her by Cora Harper was untrue. Justice Henshaw at once ordered the case dismissed and the defendant discharged.

**A Usual Result.**

The trial of H. Bell for selling lottery tickets resulted in a disagreement of the jury in the Police Court yesterday afternoon, eight voting for acquittal and four for conviction. The case called this morning was reset for August 22nd.

**A Pleased Visitor.**

SAN FRANCISCO, May 5th, 1890.

MR. S. W. FERGUSSON:—

DEAR SIR:—I can surely say I was delighted with my visit to Millwood Valley. I was surprised to find, so near the city, a retreat so delightful, so retired, interesting and picturesque. One hour, or less, from the city and you have exchanged the din and monotony of city life and scene for the beautiful landscape with its mountain background or view, and its silvery streams and echoes.

"Beyond Italy lies the Alps," so just beyond the bay lies this beautiful valley, made to welcome, refresh and cheer the city pilgrim. Yours,

W. H. MCFARLAND,
1409 Van Ness Avenue.

## THE SALARY SPECTRE.

**It Will Make Its Appearance on Saturday.**

The Police and Fire Commissioners have decided not to press the new salary rule that they experimented with last month and will revert to the old system of allowing the warrants to be made out before the month has expired. The warrants for employes of the police and fire departments will, therefore, be ready on Saturday morning.

The school warrants will be ready by 1 P. M., Saturday, and the City Hall warrants early in the morning. Nothing has yet been done as to the warrants of the men in the street force.

Although the banks will be closed on Saturday, City Treasurer Gilpin states that he has made arrangements to draw all salary money required early in the day, so there will, therefore, be no scarcity of cash when the warrants are presented.

## FREE RIDES TO THE SUBURBS.

**Opportunities For a Pleasant Trip to Oakland Heights and Return.**

Tomorrow will be a legal holiday, and many people will spend the day in the country. An opportunity for a free ride into a charming suburb of Oakland will be given by William J. Dingee. Busses will be stationed at the corner of Seventh street and Broadway, and on the arrival of every train will carry passengers, without any charge, to Oakland Heights and back again. Oakland Heights are situated on the line of the Piedmont cable road, on a tract of elevated land, whence there is a beautiful view. The tract is divided into 121 fine subdivisions, and these will be sold at auction on Saturday next at 2 P. M. The busses will be supplied to enable people to view the property.

On Saturday, the day of sale, busses will run from 12 o'clock, during the afternoon, to Oakland Heights, and no charge will be made for the ride. The sale will be held on the grounds at 2 P. M.

**"Battle of Gettysburg."**

The "Battle of Gettysburg," corner Market and Tenth streets, San Francisco, should be visited "Soldiers' Day," tomorrow, by all patriotic citizens. To look upon this battle is, in truth, observing the day by witnessing once again what our boys then struggled for and what we now enjoy by the fruits of their labor. Let us all look at it and offer up thanks that we are all now at one and undivided land. In the meantime the museum will entertain the multitude. Corner Market and Tenth Streets, San Francisco.

**Thrown From a Wagon.**

John Thomas, a young Portuguese who resides at 904 Twentieth street, was thrown from a wagon yesterday afternoon. The team he was driving became frightened and ran away. His wounds, consisting of a severe contusion over the right eye and a sprained ankle, were dressed at the Receiving Hospital.

A Jackson street belle, just from the East says it is the fad to leave a box of fine chocolate on the table in one's drawing room. She declares that those made by Lehnhardt on Fourteenth street, are the only chocolates she would have, as they are so fresh and far superior to any she ate in the East.

## AT AUCTION.

SATURDAY.....JUNE 7, 1890

At 2 o'clock P. M. on the grounds Twenty-third avenue and East Twenty-fourth street. Fronting on Twenty-third and Orange avenues and East Twenty-fourth, Twenty-sixth and Twenty-seventh streets, and adjoining the Highland Park on the east. In thirty-nine commanding subdivisions of from 30 to 50 feet front by 221 to 150 feet in depth.

These choice lots are situated on the ELEVATED LAND along the upper portion of Twenty-third avenue, and command a handsome view of the bay and the surrounding country.

The improvements in the immediate vicinity are exceptionally fine. On account of the elevation this land is unusually well drained.

Twenty-third avenue is graded, curbed, sewered and macadamized, within two blocks of this property. The soil is rich black loam and the entire tract is planted in choice flowers, shrubs, shade, ornamental and fruit trees, in full bearing, including forty orange and lemon trees, apricots, cherries, plums, peaches, prunes, etc., all of which grow luxuriantly in this charming spot.

Almost all the lots have bearing fruit trees on them and are surrounded by handsome cypress hedges.

Do not fail to inspect this tract before the day of sale. No section of Oakland offers greater inducements to home-seekers.

The anxious buyer still journeys about, "seeking whom he may devour." Cherries are in good demand, and the crop is good. The prices are about the same as last year, from 4 to 6 cents a pound, buyers are offering 2½ to 2½ for peaches, with few sales, and apricots being scarce, are calling for good prices, 2½ being offered with no sales.

Friday evening Mr. and Miss Clark entertained their young friends with a progressive euchre party. About twelve couples were present, and a very merry evening was spent. The King's Daughters held their regular meeting Saturday at Mrs. Overacker's. An amusing incident to outsiders, occurred Saturday on the arrival of the 4:20 San Jose train. Just as the engine passed the tank, the valve opened accidentally, and the water from the tank deluged the baggage and passenger cars as they passed. The weather being very hot the windows were open, so the shower bath could hardly have been unwelcome.

Harry Mosher has accepted a very desirable position in an Insurance office in San Francisco.
